

# With superb performance and a host of new features these outstanding Sachet Packers from iopak should be a part of your business!

If you're a contract packer or manufacturer packing granules spices, soups, yeast, desserts, detergents, pharmaceutical, agricultural powders / granules, tea, tobacco, pan masala, or coffee you need to trial the next generation Sachet Packers from iopak. Depending on individual applications these next generation machines will satisfy your needs for quality and performance at an affordable price.

**Take a look at the extensive features of these three models:**

## **iopak SP-DRY**

The automatic iopak vertical form fill seal packing machine has volumetric cup filling system. Excellent for contract packers who run their machines at maximum capacity! Suitable for: Granules & Powders (mostly free flowing). Pack type: Pillow pack. With Separated feeder.

## **NEW FEATURES WHICH DIFFER FROM OUR OLDER MACHINES.**

1. A stepper motor used for print registration ensures that there is little packaging wastage in stop/start situations. The jaws move in and out horizontally (thus eliminating wear and tear which occurs with rotary jaws).
2. The knife uses a guillotine action, which activates independently from the jaws, ensuring a clean cut and the blades stay sharper for longer.

3. There is also a dancing arm for film tensioning.

4. Cold pull down/positioning rollers ensure that there is no burn-on from the film to the rollers. The machine uses a fin seal mechanism for vertical sealing.

5. Temperature control is more accurate since there is no rotary union. Instead the thermocouple is stationary.

## **iopak SP-STICK**

This automatic iopak stickpack machine comes complete with its own volumetric cup filling system. Suitable for: Granules & Powders (mostly free flowing) Pack type: Pillow pack

## **iopak SP-LIQUID**

This automatic iopak vertical form fill seal packing machine comes complete with its own liquid filling system. It makes a 3 sided sealed pack. Suitable for: Liquids Pack type: Pillow pack or stick pack
